

CADORNA, ROTCHER A. JR.

Junior Web Developer

+639557850712 rotchercadorna16@gmail.com

ABOUT ME

A graduating BS Computer Science student with a solid foundation in web development and experience in building responsive, user-friendly applications. Demonstrates strong problem-solving skills and the ability to develop efficient, practical solutions through academic and project-based experience. Adaptable to new technologies, detail-oriented, and committed to continuous learning and improvement. Capable of working both independently and collaboratively while maintaining a high standard of quality in every task.

EDUCATION

2022 - Present Norzagaray College	Batchelor of Science in Computer Science Focused on advanced programming, web development, and system design. Developed projects that apply problem-solving and software development skills.
2022 - 2024 Norzagaray College	Associate in Computer Technology Built a strong foundation in computer systems, basic programming, and technical skills. Gained hands-on experience in troubleshooting and system development.
2020 - 2022 Norzagaray National High School	Information and Communication Technology Acquired fundamental knowledge in computer hardware, software, and basic coding. Developed early skills in technology use, digital tools, and problem-solving.

EXPERIENCE

2025 - Present Excel Help Line	Data Visualization / SQL Instructor Managed accurate data entry and organized records within the system. Assisted in developing web applications by building front-end interfaces and supporting back-end functions. Performed system maintenance, debugging, and updates to ensure smooth performance and improved user experience.
2026 Brain Master Diagnostic Center	Data Encoder / Web Developer (OJT) Delivered basic to intermediate lessons in data visualization and SQL, guiding learners in understanding data handling, queries, and reporting. Assisted in creating clear and practical examples to improve student comprehension.
2025 Norzagaray Municipality	Data Encoder Summer Job Performed accurate data entry and maintained records efficiently. Ensured data integrity, organized files, and supported daily administrative tasks in a fast-paced environment.

SKILLS

- HTML, CSS, JavaScript
- Data Visualization (Power BI / Excel)
- Attention to Detail
- Basic PHP / MySQL
- Problem-Solving and Analytical Thinking
- Team Collaboration and Communication
